Think the positions of the stars are right  
I think I've never seen the moon so bright  
Yeah I know it's gonna be this way  
So little time wish I could stay

But I'll be on the first train out  
With the Daisy Rock on my back  
Yeah my suitcase is already packed  
I ain't gonna ask if you're waiting or not

One more dance and one more drink  
Spinning us round so we don't have to think  
One more chance for one more kiss  
One of everything we're gonna miss  
The sun will set, no regrets  
We're not making any promises  
Just one more dance and one more kiss  
One of everything we're gonna miss

It's chilly in the open air  
But nobody really seems to care  
Yeah we're gonna keep each other warm  
Cause we'll be dancing up a storm

Tomorrow doesn't count today  
Tell me anything you wanna say  
And I'm keeping it inside my heart  
And save it for the time that we're apart

One more dance and one more drink  
Spinning us round so we don't have to think  
One more chance for one more kiss  
One of everything we're gonna miss  
The sun will set, no regrets  
We're not making any promises  
Just one more dance and one more kiss  
One of everything we're gonna miss

Maybe I'll be back and look you up someday  
Maybe I'll be dancing with someone else by then  
I guess the time will tell

I only wish you well  
But while we're together still

One more dance and one more drink  
Spinning us round so we don't have to think  
One more chance for one more kiss  
One of everything we're gonna miss  
The sun will set, no regrets  
We're not making any promises  
Just one more dance and one more kiss  
One of everything we're gonna miss, yea

One more chance for one more kiss  
One of everything we're gonna miss  
The sun will set, no regrets  
We're not making any promises  
Just one more dance and one more kiss  
One of everything we're gonna miss
