Oh he's Taiwanese, starring in movies  
He's a kung-fu freak - Jackie Chan is he  
If you need a hero, he's gonna be around  
If you're a bad guy, he's gonna beat you down

If you're all alone and you're getting whooped  
Honey he'll show up, and he'll back you up  
He can beat Ralph Machio, or Mr. Miyagi  
Jean Claude Van Damme is tough but he can't compete  
Jackie Chan is he, he's in your T.V

Oh, he can do a high kick  
He can do a roundhouse  
He can punch your teeth out  
Might be just one guy  
Maybe more than ten guys  
He'll still get the knockout

'Cuz you know he's got a black belt in Jiu Jitsu  
Karate and Kung-Fu, he's magic  
He speaks with a cool accent; he's from the orient  
Jackie Chan is he, he's in your TV

He's not like Arnold, or those other runts  
He takes great pride in doing his own stunts  
He leaps off buildings, don't do him no harm  
He's broken forty bones in his left arm

Everybody was kung-fu fighting  
Jackie Chan is fast as lightning

Everybody was kung-fu fighting  
Jackie Chan is fast as lightning

Oh he's Taiwanese, starring in movies  
He's a kung-fu freak - Jackie Chan is he  
If you need a hero, he's gonna be around  
If you're a bad guy, he's gonna beat you down
