FOREVER & EVER

V1

Standing here beside the doorway calling exit
You're moving on, of course my heart just won't accept it
Pull me close, we kiss our long farewell, goodbye
Brush my cheek to wipe the tear out from my eye

PC

And before you turn to go away
Would you grant me -- say the words. "I'll miss you"
And before you start to walk away
Sing to me baby...

C

Wuh Oh Wu Oh, I won't go
Wuh Oh Wu Oh, I'll always be with you
Forever and ever, Wuh Oh

V2

Starting down the hallway holding you so tight
words can't find a way to keep you close tonight
Don'tcha know, I'm lost, I'm nowhere without you
Find a way to stay I don't want to miss you

PC

C 2X

B

I won't go
I'll always be
[repeat]

C 2x
