You been actin
Pretty strange
N' you bee told now
This ain't rain

Perhaps a drink of some cool water
Would ease your mind
So you can think harder
Bout the way you been actin

I was raised on moonshine
I was told that you were dynamite
I was raised on moonshine
I was told not to think twice

Now I been sayin
Its your day
You been talking
Dues to pay

I don't want none of your bills
My time is paid so you can move on
To someone else
Who doesn't know better

I was raised on moonshine
I was told that you were dynamite
I was raised on moonshine
I was told not to think twice

I was raised on moonshine
I was told that you were dynamite
I was raised....oh uh oh uh uuuuhhhh Yeah!
