You got me thinking about platinum rings
And all sorts of fancy things
You got me on the edge of my seat
And a feeling like that can't be beat

Be Mine, sweet valentine.
Be mine.

You go me thinking about Christmas time
And all the ways that I can make you mine
You got me lying awake at night
Just thinking about things that might...

Be mine sweet valentine
Be mine Tonight
Be mine sweet valentine
Be mine tonight
You got me thinking about flowers in bloom
And thats every time you walk into the room
You got me spinning myself all around
And Im starting to wear holes in the ground

Be mine sweet valentine
Be mine Tonight
Be mine sweet valentine
Be mine tonight
Be mine sweet valentine
Be mine Tonight
Be mine sweet valentine
Be mine tonight
