Life is made of our mistakes  
Broken hearts and slaps in the face  
just like you  
So I go along my way  
And come along to say  
That I've lived enough for today  
You don't know my dreams.

You don't need to hurt me,  
you don't need, I already hurt myself  
You don't need to hurt me,  
You don't need, I already hurt myself

I don't belong in your eyes, your eyes,  
I thought I knew you but I should have looked deep  
under  
your eyes, your eyes.  
Today is something new 'cause this is me  
Before and after us.

Yes, I'm calling you here  
Eleven months were so much more than a week of lies  
and fun  
So I want you to burn those days  
you wont ever touch my face.  
'cause now I see how I forgot every smile  
you stole away

'cause You don't need to hurt me,  
you don't need, I already hurt myself  
'cause You don't need to hurt me,  
You don't need, I already hurt myself

I don't belong in your eyes, your eyes,  
I thought I knew you but I should have looked deep  
under  
your eyes, your eyes.  
Today is something new 'cause this is me  
Before and after us I don't belong in your eyes, your  
eyes,  
I thought I knew you but I never looked deep under

your eyes, your eyes.  
Today is something new 'cause this is me  
and I don't belong in your eyes, your eyes,  
I thought I knew you but I should have looked deep  
under  
your eyes, your eyes.  
You don't need I already hurt myself.  
I already hurt myself.
