When I'm feeling blue and nothing seems okay...
I see your eyes and I believe I'll find a way.
When I'm feeling down and things don't go so well...
I see your eyes and I forget the tears that fall.

When I'm alone in the street, and I'm scared and tired.
For the first time in my whole life I feel desire...
When I'm far from home, and I just don't want to be
found
I run into your arms and they bring off me back to the
ground.

'Cause to love you means so much more...
'Cause to love you means so much more...
When I need to cry you make me try
I want to die, don't ask me why
'Cause I can't fight no more...

When I'm feeling blue and nothing seems okay...
I see your eyes and I believe I'll find a way.

When I'm alone in the street, and I'm scared and tired.
For the first time in my whole life I feel desire...
When I'm far from home, and I just don't want to be
found
I run into your arms and they bring off me back to the
ground.

'Cause to love you means so much more...
'Cause to love you means so much more...
When I need to cry you make me try
I want to die, don't ask me why
'Cause I can't fight no more...
(x4)

When I wanted to stop, when I wanted to fade
I saw your eyes and I believed there's so much more...
So much more...
So much more...
