Move Faster Lyrics

Full of sorrow and pain

I waited for the day

I was born to love

Some by

There is a place for us to go

Your strength

Is in your hands and a beautiful soul

We had to move faster, faster

To know how we be love

We need to move faster, faster

To know we must go

Cause a world it's in your hands

Cause a world it's in your hands

Cause a world it's in your hands

Cause a world it's in your hands

It's a beauty to change

Everything that's wrong

Being right is wrong

Somewhere

We know there is someone who'll say

For sure

Is fun enough to enjoy another day

We had to move faster, faster

To find how true we are

We need to move faster, faster

Cause everyone else's tired

Cause a world it's in your hands

Cause a world it's in your hands

Cause a world it's in your hands

Cause a world it's in your hands

We need to move faster, faster (faster, faster)

Faster, faster

Move faster

To know we must go

Cause a world it's in your hands

Cause a world it's in your hands
Cause a world it's in your hands
Cause a world it's in your hands
