

## **The Fingertips "Your Gone"**

Visit "[Your Gone](#)" on MotoLyrics.com

Dry the tears behind my eyes  
When I whisper your name  
You said you'd come here every night  
Just to hear me sing

Everybody knows that I don't wanna grow  
Everybody knows that I don't wanna know  
Everybody knows that I don't wanna grow  
Everybody knows that you're gone  
Ah, don't you feel alive  
When you dance between my thoughts  
You swore to come here every night  
Just to sing our song

Hurry up and please just hold my hand  
So I can be released
