Hey darlin', you paint a pretty picture  
The sun is clouded  
(Yeah, yeah)  
But we'll find our way home  
Yes, we'll find our way home

Casting shadows on the pavement  
Dancing toe to toe, is this all you are?  
Is this all you hope to be?

Oh no, it's just all that I know  
Is it enough? Are you happy?  
Do you need more?

You had my heart  
(Get what you want then walk away)  
What more could you want?  
Don't you care? Don't you care enough to let me go?  
You know that it meant everything  
Now everything feels far too wrong

Little girl, listen well  
But you must promise that you'll never ever tell  
I speak like fire, and it burns your ears  
Who will wipe away your tears?

You had my heart  
(Get what you want then walk away)  
What more could you want?  
Don't you care? Don't you care enough to let me go?  
You know that it meant everything  
Now everything feels far too wrong

If only you had words to make this sadness I feel go  
away  
If only you had words to make this sadness I feel go  
away

You had my heart  
What more could you want?  
(What more could you want)  
Don't you care? Don't you care enough to let me go?

You know that it meant everything  
Now everything feels far too wrong

Hey darlin', you paint a pretty picture  
The sun is clouded  
We'll find our way home  
Yes, we'll find our way home
