I heard it from my father
My ears can barely believe
He said, "Son, I just opened the letter...
And she's got your eyes, can't you see?"

But you've got my hands to hold,
You've got my arms when the world gets too cold
Wherever in life you wanna go,
You've got my hands

What could mean more than this
You gave me a reason to live
You are my four leaf clover,
And if heaven could exist...

This is it, I'm alive
and I'm living for somebody else now
And if I'm away, I want you to know
I will be there when the storm gets too close

You've got my hands to hold,
You've got my arms when the world gets too cold
Wherever in life you wanna go,
You've got my hands

Lily, when you wake up
After all your dreams stop
Close your eyes and save them for the day
I'm coming home
I'll keep you safe forever,
You know that I will never let you go.

And you've got my hands to hold,
You've got my arms when the world gets too cold
Wherever in life you wanna go,
You've got my hands

You've got my hands to hold,
You've got my arms when the world gets too cold
Wherever in life you wanna go,
You've got my hands

You've got my hands to hold
You've got my hands to hold
You've got my hands to hold
You've got my hands to hold
