So I'm asking you to stay
To throw all your old things away
I realize these games and I'm sorry
But you need them more and more each day

If you would ever start
To see us fall apart
To feel the way I feel
I pray here in the dark

If there's a sign of feelings
Of any kind, you'll let me know
If there's a sign of another
Of any kind, you'll let me know

Could he give you more
Could he

Please believe me when I
Want to steal your breathe, well I try
Can't put to words
Try to capture your beauty, but I cry

(In your eyes)
I find a new
A place with a thousand emotions, yet just a few
To barely leave a mark
There's so much more for me to do

Will he give you more
Will he

If I could open my eyes, and realize
That you are right next to me
There is no mask, no cover
There is no other
No other in her eyes

I could give you more
I could
I could give you more
