(ooo)
Maybe I'm just a little bit older
Maybe there's a change
These feelings grow on me very slowly
On the side of me
The side of me you never knew
How many words can I use to describe
My feelings towards you

Rays of light destroy the night
You'll be there when I call
And there's a new voice
I took my time, I noticed how
I'll be there when you call
Got to get away now
Runaway
