Look how far we've come now
It's obvious there's more
Then anything and everything we see

Cause hunny you don't know now
But if you follow me
I'll take you somewhere and make you believe

You know I'm not kidding
I need you in my life
Cause we both know you bring me to my knees
So tell me baby please

How can I see the sunrise in your eyes
How do you always seem to surprise
Me with things I never learned
Cause baby your on fire
And I don't mind getting burned

Look at what you've done now
It's obvious your right
You can be who you want to be

I didn't mean to tell you
What to do or not do
Cause I know it's not up to me

And I guess by the way
Things are going today
You will never leave
So tell me baby please

How can I see the sunrise in your eyes
How do you always seem to surprise
Me with things I never learned
Cause baby your on fire
And I don't mind getting burned

You light up my world 4x

Cause baby your on fire

And I don't mind getting burned
