I lay here beside you, just thinkin' all night
I believe that tomorrow would make things all right
I still tell you I love you, that you're forever mine
It makes you feel good and it buys me some time

If I told you I needed you
But I sent you away

I've been calling it love 'cause I want you to stay
Calling it love, [Incomprehensible]
Calling it love 'cause I'm too scared to say
Let's call it a day

I never questioned my feelings before
I felt, but I felt there was it, nothin' more
But I can't keep denying the truth in my heart
Ooh, the touching and talking but we're oceans apart

If I told you I needed you
But I sent you away

I've been calling it love 'cause I want you to stay
Calling it love, [Incomprehensible]
Calling it love 'cause I'm too scared to say
Let's call it a day

I've been spending my life
Thinking you're the one
Now I'm holding my lies
And the damage is done

And if I told you I needed you
But I sent you away

I've been calling it love 'cause I want you to stay
Calling it love, [Incomprehensible]
Calling it love 'cause I'm too scared to say
Let's call it a day

I've been calling it love 'cause I want u to stay
Calling it love, [Incomprehensible]
Calling it love 'cause I'm too scared to say

Let's call it a day

I've been calling it love

I've been calling it love
