Now I'm sitting in this room
Remember the day I was your groom
All I ever wanted I had in you
And I don't regret the day
When I told you I would stay
Your sweet kiss on the couch by night

Joyful moments
Secrets that we shared, the love we made
I wanna say that I'm sorry for a thousand things
But I'm much too far away
I wanna be with you, love
So I'm sorry that I can't come home

Joyful moments
Secrets that we shared, the love we made
I wanna say that I'm sorry for a thousand things
But I'm much too far away
I wanna be with you, love
So I'm sorry that I can't come home

Joyful moments
Secrets that we shared, the love we made
I wanna say that I'm sorry for a thousand things
But I'm much too far away
I wanna be with you, love
So I'm sorry that I can't come home
I wanna be with you, love
So I'm sorry that I can't come home
