You are a man. You wanna be my lover
Don't break my heart cause I don't want another
You are a man. You wanna be my lover
Don't break my heart cause I don't want another
6 days without a lover

6 days on the run
Looking for a place to have some fun
Night and day without your sweet embrace
I'm going crazy.
6 days gray or black
Trying to find the way to get you back
Night and day without your sweet embrace
I think I'm going crazy

6 days on the run. I can feel it
6 days on the run. I can feel it
6 days on the run, no good without a lover
6 days without you. I can feel it
6 days on the run. I can feel it
6 days without you, no good without your love
