But there was something that i had to say

I was thinking if

We just walked down the walkway

If i asked your hand

I wonder what would the people say

It'd be something for the non-believers in the front

To see

That never saw a girl on bended knee

So if you're not afraid to love

If you're not afraid to give

If you're not afraid of us

Let me hear you say i will

If you're not afraid of love

If you're not afraid to give

If you're not afraid of us

Let me hear you say i will

Let me hear you say i will

And we got all these problems

But i love the way we solve them

And i know i'm a handful

But i'm working, working

And baby, you're so beautiful
The way you make me pay
Why should we stand on ceremony
Let's flip it
Do it our own way
It'd be something for the non-believers in the front
To see
That never saw a girl on bended knee
So if you're not afraid to love
And if you're not afraid to give
If you're not afraid of us
Let me hear you say i will
If you're not afraid of love
If you're not afraid to give
If you're not afraid of us
Let me hear you say i will
Let me hear you say i will
Your white tux
And my black dress
When you say yes
It'd be too much for the week at heart
Your daddy crying in the front row
Your mama laughing in the back row....
Oh...f you're not afraid of love
If you're not afraid to give

If you're not afraid of us

Let me hear you say i will

If you're not afraid of love

If you're not afraid to give

If you're not afraid of us

Let me hear you say i will

Let me hear you say i will

Let me hear you say i will
