Show me, show me that you care
Tell me when this all began
We were all that I lived for
With time there is always hope
And I never let you go
Let me, let me in your soul
Let me inside your soul
'Cause I don't wanna live this way
This empty heart, no

Chorus:
I don't ever wanna feel
Like what we had was never real
And I don't ever wanna feel
Like I was nothing to you

I gave all that I could give
Memories, all I'm left with
There was passion in your eyes
I fell so in love with you
There was nothing I could do
Tell me, tell me you'll be mine
Tell me you'll change your mind
'Cause I can't stand to feel the pain
Just save this heart, oh

Chorus(2x)

I don't ever wanna feel
Like what we had was never real

'Cause I can't stand to live this way
Just save this heart

Chorus(4x)
