Boy I was watching you move
Sorta checking you out
Love em what you do but we or-ta paint the town
He gonna watch me get doing of the rolling...
Make up your mind if you like it what you see
Don't want no flowers, don't buy me no gifts
I need somebody who can take care of this
I'm loving what you do 'cause I know you're doing well
You got the game real smarter I can tell

Chorus:

Please don't play, the usual game
It's time to put out your play
I I I I don't share a tear
And I I I I didn't wanna end up here
Could you get me that dress
Could you go right round
Give me that stuff if you wanna get down
I I I I didn't wanna end up here

Yeah I win through your phone and didn't like what I
seen
You promised you'll be true you made a fool out me
My friends tried warned me that I waste my time
I saw your true colours almost lost my mind
Looks like you do the same to all your other girls
Except you bought them flowers and you bought me
pearls
When you're going up tonight I know you see her again
So you're pictured together so now you're kissing all
your friends

Chorus:

Please don't play, that usual game
It's time to put out your play
I I I I don't share a tear
And I I I I didn't wanna end up here
Could you get me that dress
Could you go right round
Give me that stuff if you wanna get down
I I I I didn't wanna end up here

Said I need right now
With my wounds still open slip right through your hands
Now my heart is broken
I'm moving on yeah yeah
I'm moving on yeah yeah
I'm moving on yeah yeah
I'm moving on...

Chorus:

I I I I don't wanna share a tear
And I I I I didn't wanna end up here
Could you get me that dress
Could you go right round
Give me that stuff if you wanna get down
I I I I didn't wanna end up here
