Integralism

Gonna tell you where to go
Who to love and who to hate
What to fear and dominate
Gonna tell you what to say
Who to curse and what to pray
When to give your life away

Gonna tell you how to see
What is wrong and what is right
Gonna tell you what to do
When to breathe and when to die [x3]

Integralism

Bring you up and drag you down [x3]
Drag you down onto your knees
Give your balls another squeeze

Integralism

Gonna tell you where to go
Who to love and who to hate
What to fear and dominate
Gonna tell you what to say
Who to curse and what to pray
When to give your life away

Gonna tell you how to see
What is wrong and what is right
Gonna tell you what to do
When to breathe and when to die [x6]

Integralism [x3]
