Suckerpunch the sucker
Suckerpunch, suckerpunch
This truth wont set you free
Baby blows wont knock this down (x2)

So you dance with blackened hands and blackened
faces

Suckerpunch the sucker
Suckerpunch, suckerpunch
Your heart it wont stay clean
Baby blows wont know this down (x2)

Rewritten and relived
Bottled and served
You got the cure-all, you got the know-all
You got it master
So keep on buying
Keep on lying
Keep on selling
Lets take this show on the road
