Waves of emotion washing over me.

Think Im the vessel, but really

Im part of the sea.

This little sadness, this little doubt -

Open the window and let them out.

Chorus:

I Am, I AM, I AM

I AM, I AM, I AM!

Should the mountain crumble to the ground,

I Am still right here, inside the sound.

Should the sound then fade away,

I Am finds another way.

Chorus.

Fear has big teeth, feels as though theres no relief.

Darkness comes, its time to hide -

Turn on the light from the inside.

Chorus.

Let me get off of this wheel, I Am more than how I feel.

If my happiness depends, then my sorrow never ends.

Chorus.

I Am.
