Land to land
from sea to shining sea
a dream's a dream
no matter where you stand
heart to heart
your urge is pulling me
search we search
with your night light calling
Play hide and seek with me.
go dancing, following
go to the peak with me,
aspiring, climbing
to your sweet retreat
Scene to scene
we cast a sexual eye
and then life unites
we're undercover
Play hide and seek with me
go dancing, following
go to the peak with me,
aspiring, lying
at your gypsy feet
