The mental image
Grand illusion
Brought together
By total fusion
Lost for words
Your company holds me
Totally yours
Your mind controls me
Place and time
For rendezvous
Your place or mine
I said I won't touch you
Now visions inside that
Last all day
Come back soon
Oh won't you stay
For you
I found you
I found you... you... oh you
Keeping the senses
Open aware
To try to change you
Who would dare
Visions inside that
Last all day
Come back soon
Oh won't you stay
For you
I found you
I found you... you... oh you
I found you... you... oh you
I found you... you... oh you
The mental image
Grand illusion
Brought together
By total fusion
Lost for words
Your company holds me
Totally yours
Your mind controls me
Keeping your sense aware
To try to change you

Who would dare
Visions that last all day
Oh come back soon
No won't you stay
You...
I found you
I found you... you... oh you
I found you... you... oh you
I found you... you... oh you
I found you
