Guilty of small thoughts
In a big world
Guilty of all sorts
Think of a warm day
Deep breathing
Hold me
Cause I'm free and willing
When the sun comes back round
There could be hope in the air
And a smile on our faces
When the sun comes back round
Guilty of big lies
In a small world
Playing with Chinese whispers
Hold on to warm thoughts
and good feelings
Call me
Im always freee and willing
When the sun comes back round
There could be hope in the air
And a smile on our faces
When the sun comes back round
Think On
When the sun comes back round
There could be luck in the air
Beguiling our senses
When the sun comes back round
After a long drought
Smell the rain
Been so long without
So where is the good news and open mind
Show me
Cause I'm free and willing
When the sun comes back round
There could be hope in the air
And a smile on our faces
When the sun comes back round
Think On
When the sun comes back round
There could be luck in the air
Beguiling our senses

When the sun comes back round
Guilty of small thoughts
Big World
Guilty of all sorts
Guilty of nothing at all
When the sun comes back round
When the sun comes back round
When the sun comes back round
When the sun comes back round
