Sunshine warming the small of my back
Whatever virtues I lack
You can't see 'til I move
'Til I move in the shade

Sunshine in the shade
Sunshine in the shade
Sunshine in the shade

But then inside, sometimes I feel so cold
Catching these self thrown blows
But enough of the future I see
A shadow belonging to me

Sunshine in the shade
Sunshine in the shade
Sunshine in the shade

Every man climbs a mountain
With the hope to make a stand
Every man makes a mountain
Of his life, a master plan

Light in the dark
Light in the dark
Gives me hope

Sunshine in the shade
Sunshine in the shade
Sunshine in the shade

The shade of life
Gives me hope
Some time and place
