(Alexander)

You have reached  
A number and a name  
But I am gone  
And won't be back again  
If you wish  
To leave a word or two  
Here it is  
You know what to do  
Speak your mind, save yourself some time  
That's what machines are for  
But I'm not here anymore, I'm not here anymore

Had a friend  
Who had a lady fair  
Took his own life  
Just to prove he cared  
Now her and her new man  
Yes, they're doing fine  
On everything  
He generously left behind  
The note he left said, "Save your breath"  
"Don't ask me what for"  
I'm just not here anymore

Once upon a time  
As the story's always told  
The people bowed and prayed  
Around a calf of gold  
Now the weeds are taking over  
Where the garden used to grow  
Some things a man can conquer  
Some things he must let go, some things he must let  
go

I have ruled  
Over a cup and spoon  
And I conclude  
That the kingdom's doomed  
And I have schemed

I have waited and prayed  
Had my dreams  
Attractively displayed  
So if it's your time, speak your mind  
That's what regimes are for  
But I'm not here anymore

Once upon a time  
As the story's often told  
The people bowed and prayed  
Around a calf of gold  
Now the leaves are taking over  
Where the flowers used to grow

I'm not here anymore
