I'm having a conversation with some friends I know
Somebody I agree with no matter where I go
Somebody I never have to wait for or try to read their
minds
Somebody I never have to say, "are you having a good
time?"
Here's to the perfect evening with me, myself and I

We'll go pick out a movie and we'll all choose the same
one
We'll share the same opinions after the feature's done
Then we'll discuss our future plans and we'll all just
ride the fence
And we'll all agree that we're the only ones left here
with any common sense
Here's to stayin' inside with me, myself and I

I get so tired of all this 'me or you or me or you'
I got better ways to spend my time with me, myself and
I

So I asked myself, "what do you think?" and he said,
"don't ask me"
He'll just take both sides of any point eventually
Then we'll have to sit here and try to compromise
Till we're all too God damned tired for anyone to
decide
Here's to getting no where with me, myself and I

I get so tired of all this 'me or you or me or you'
I hot better ways to spend my time with me, myself and
I

Hey big mama, ain't you got no soul left in those tired
bones?
Hey big daddy, who you talkin' to on the bedroom
telephone?
Hey little mama, I could use some help tryin' to tear off
this disguise
And I ain't that hard to find with me, myself and I
