[Chorus]

It's young jizzle from the bottom of the map  
Got a 50 round clip on the bottom of the strap  
I do it for the trappers with the, the, the rocks  
And them O.G. niggaz with the, the, the blocks

[Verse 1]

I'm strapped up, I'm iced out  
A nigga play, it's lights out  
Cost a cool quarter million  
That's how you'll find me  
Swirving through traffic with them goons behind me  
You better call your crew, you gon' need help  
Whole car strapped, and I ain't talking seat belts  
Red cross nigga, yeah we draw blood  
Whole team got choppas like a bike club  
I don't get mad, I just get money  
And laugh at these fuck niggaz, cause they so funny  
All a gangsta do is stay fresh  
45 with the gucci teflon vest

[Chorus]

[Verse 2]

I'm on fire, the kids out of control  
Competition want me to stop, drop, and roll  
Like I had a flame thrower and gasoline  
Set the city on fire, that's on everything  
I walk around like I got a grip in my pants  
Yeah that's about 10 stacks, half a brick in my pants  
Fishscale got poppy on speed dial  
You niggaz getting raped, you still gettin' oil base  
My flow is bananas, the coop is grape, evisu jeans with  
the bathin apes  
Desert on the pillow, choppas by the nightstand  
You can roll the dice, play with your life man

[Chorus]

[Verse 3]

All that tough talk, you just wastin' your breath

Hit your ass with them things, have you chasing your  
breath  
You got loose lips, you better put a collar on 'em  
Black chanel frames, I spent a couple dollars on 'em  
Whole zip of kush, just to get my mind right  
Grab some roll, see the one, get my sound right  
My money come fast, so that's how I spend it  
Trunk sounded like it got a marching band in it  
You in the minor leagues, and I'm a heavy weight  
Flipping brick houses, we call it real estate  
Five thousand for the pound, get your curb service  
Sell a lot of grass, like I got a lawn service

[Chorus]
