How'd you know
If no one's ever honest with you
How'd you know
You've heard me times before
But I've never been this sure
That you felt it

But my senses lie
Your desperation is all I need
To know what you hide
Give me a reason
Help me incinerate

Close your eyes
Pretend that you're not here
Close your mind
You told me this one time
And now I know what's right
But I never get to feel it

In case I tell you everything I'm afraid you want
I try to focus on your eyes
But can't see through the blinds and the shades of
different colors

But my senses lie
Your desperation is all I need
To know what you hide
Give me a reason
Help me incinerate

But my senses lie
Your desperation is all I need
To know what you hide
Give me a reason
Help me incinerate

But my senses lie
Your desperation is all I need
To know what you hide
Give me a reason

Help me incinerate
