Born a poor worker's son  
Taught to fight for all his rights  
Life for him's just begun  
Union might is the leading light  
It's a shame and it's a sin  
They don't know the mood they're in  
Until they strike for what is right  
Not what has been

Shop floor, that's where he's at  
Back to back, bring out the rack  
Squeeze them 'til they retract  
Wield the gun, see how they run

It's a shame and it's a sin  
They don't know the mood they're in  
Until they strike for what is right  
Not what has been

All out for freedom, all out for more  
Show them we mean it, tell them the score  
Brother for brother, that's what we're for  
Don't give us your reasons  
Our reason has gone out the door

Born a poor worker's son  
Taught to fight for all his rights  
Life for him's just begun  
Union might is the leading light

It's a shame and it's a sin  
They don't know the mood they're in  
Until they strike for what is right  
Not what has been
