Silver, drifting on high  
Deep range star lords  
Rebel land of black night  
Float by your stars  
Mistress of fear see me towards always  
Nova bright shine far beyond all time

Beings of the fourth kind  
Night time wanderers  
Ring worlds timeless in ice  
Deep inside gods

Mistress of fear see me towards always  
Secret mood of corridors in hyperspace  
Nova bright shine far beyond the barriers of night  
Take me through the laser beams  
The moving sands of Mars to see

Silver, drifting on high  
Deep range star lords  
Rebel land of black night  
Float by your stars
