Ridgway Stan
"Peg and Pete and Me"

I can feel the life runnin' out of me workin' here at
Pete's
Two years ago it was just the thing
Workin' cars part time every week
I met 'em both at a drag race
They both dressed pretty snappy that day
Pete's wife Peg put the make on me
While Pete just looked the other way

Now no one can say what your future will hold
Or what your life will have in store
We went home that night
Pete passed out on the couch
And then Peg pulled me down on the floor
Well, I know she knew what she was doing
Forbidden fruit, but what the hell, I bit
That's all it took, my fate was sealed
That night the flame was lit

And every night when the lights go out
Pete drinks his booze and then he passes out
And I hear a footstep outside my door
And then I remember what I started working here for

CHORUS
Peg and Pete and me
One and one and one make three
Peg and Pete and me
One and one and one make three
Now tell me what would you do if you were in my
shoes?

Tonight Peg, we gotta stop this thing
I don't know if we can, Peg said
"Don't worry, now Pete's asleep and I've got a certain
plan
You know everything is in my name," she said,
"and anyway I love you so very much.
He'll never feel a thing
Just like he never woke up
And after that it will be just us."

Every night when the lights go out
Pete drinks his booze and then he passes out
And I hear a footstep outside my door
And then I remember what I started working here for

CHORUS

The next morning when I woke up Peg was gone
But the dtective said, "Son, yo ugotta come downtown
with me
'Cause we know you killed Pete dead."
The jury found me guilty
And sent me up for ninety-nine to life
And if there's any advice I can give from this cell
NEver trust a rich, dead man's wife

CHORUS
