You saw I?m interested  
I don?t like it heaven sent  
And you are my picture for  
Everyone I feel so cold  
And you, with your lipstick on  
You?re so hot it bends me on

And you didn?t know  
That I?m over you  
And you knew  
That I can?t be yours

And you, you?re so interesting  
I can?t see why you need me  
And you, you?re so beautiful  
I could never even meet you  
And you, with your attitude  
It?s so pretty, it hurts me

And you didn?t know  
That I?m over you  
And you knew  
That I can?t be yours
