Enie meanie Sicilini oo ah come bilini.
Achi cachi liberachi, I love you.

Take a peach.
Take a plum.

Take a stick of bubble gum.

No peach.
No plum.
No stick of bubble gum.

Saw you with your boyfriend last night.

How did you know?
Because I peeked through the keyhole, nosey.

And ate a box of candy, because I'm greedy.
Time to do the dishes, lazy.
You jumped out the window, now I know you're crazy.
Boom I've got your boyfriend.
Time to buckle up, because I'm speedy.
Police man on my back, conspiracy.
Thought of you in the shower, baby.
But someone stole the keys off the jail-cell wall.
See me run just to get to you.
Because I'm needy.
I know there's a man that's stealing my time from you,

But I've got this plan that will make you mine girl.

Boom I've got your boyfriend.
