Ya gotta house on the hill(house on the hill)
Chromed out ride
Ya livin life
Givin me everything that I dreamed(I dreamed)
All the time on the creek
First class flight
Seeing sights
Sex all night
Never thought that this could ever take control of me

Day and night don't know what to do
Always on my mind dreamin of you
It feels so right but I know that it's wrong
You know I got a man just can't leave you alone

Hawaiin drinks on the sand
Private beach, shopping sprees, diamond rings
All the things that I can't get at home
Never could understand a thang like me to ever leave
from material thangs
I got up and left with my secret love

Day and night don't know what to do
Always on my mind dreamin of you
It feels so right but I know that it's wrong
You know I got a man just can't leave you alone

Never thought that I
Would ever feel this way
All the things that I believed in went away
Right from the start you took my heart
I'm in love what can I say ooohhhh

Jadakiss
Ayo you just can't leave me alone or see me alone
The porsche is black the beez is chrome
But he's at home you wit me it's tha 4.6 3 cribs and
some jewelry
Don't work I can put you thru school for free
So if that's cool wit u its cool me
Princess yo neck tennis yo wrist

Ne thing you wish Issys and Kiss
You thinkin of me so what you really got him for
Lets go to the mall and close down the prada store
And even if you don't rock diamonds
Maybe you would like to go deep fishing and rock
climbin'
Pop winans horse back ridin' you shot gun scared cuz
the porsche back slidin
And yo friends say J aint right but you know we go
together like day and night

Day and night don't know what to do
Always on my mind dreamin of you
It feels so right but I know that it's wrong
You know I got a man just can't leave you alone

Day and Night
Always on my mind
It feels so right
But I know that it's wrong
You know i got a man just cant leave you alone 3x
