Bound and Blind I cant move
Despite the perfect glare shines off the ceiling
Funny how it seems so real
You close your eyes at night and learn to fly
Please God not again
I can hardly stand believing
Praying, aching, screaming

It must be hard keeping me down
I wont stay long here in your house

Cold and Cranky turn the page
This life I live Im merely sleeping
People stop and wonder why
This cant be all there is it seems so sad

I wear it all so well
You could never tell inside Im dying
Caving, Grieving, Healing

It must be hard letting me down
It must be hard letting me down
I wont stay long here in your house

Fell with age its creeping in and Ill be fine
Disappointing glances are misused
You claimed to save my life your lies are cruel
Holding on to
The idea still
Im Down

It must be hard letting me down
It must be hard letting me down
I wont stay long here in your house
