You're Stupid and Smelly,
You're Stomach, Like Jelly.
You look bad, You Have Had
More Luck with, your own dad.
Don't want ya, Don't need ya,
your face looks like pizza.
Everyone, Hates your smell
You're big as a Motel, 6,
(Guitar)
When you see your
shadow, even you
call it fatso
You Think That You're
our Boss, But Really
You're just__HOSS.
When You Sit in a Chair
You see all your back hair
your nose is a gold mine,
it resembles a pig or swine.
yeah a pig or a swine...
yeah a pig or a swine.

(Guitar)

(chorus)

you don't have any friends,

you've come to the end

you say you have a pal

Well I think that's just swell

you're a lying sack of crud

you play in the mud.

You're never gonna score

you pretend that you're a whore.

yeah you're never gonna score...

No you're never gonna score
