I met you at the club that night,
Around was spinning records,
And my heart said,
Hey now, Hey now, Hey now,
Hey now yaaaow

You said you were pleased to meet me,
Through the sweet smell of your perfume,
And blew me,
Away now, Away now, Away now,
Away now yaaaow

Later on that week we went out,
Talked under the stars until the next,
Day now, Day now, Day now,
Day now yaaaow

You drank your fruitopia,
And we never ran out of things to,
Say now, Say now, Say now,
Say now yaaow

Any minute I'm not with you,
I hope I'll see you soon,
There's just something that happens,
When you walk into the room

Chorus

And instantly I feel so complete,
It hits me right about the time you kiss my cheek,
And you give me this feeling,
It's like no other feeling,
But it knocks me off my feet

Please don't ask me what I like about you,
Cause it's every little thing you do,
And that's just the way you make me feel

Bridge

And I don't think,
That there are any others out there like you,

And I wont blink cause that would mean,
I would miss a second beside you

And maybe you know what I mean,
Or maybe this is just a dream,
I pinch myself just to make sure,
But I'm still here and there you are,
I wonder why we just met now,
It just kind of happened somehow,
But here we are together and,
That's all that matters in the end

Chorus
