This one is for the ladies

I'm taken by your smile
Such a sweet surprise
And me taken by your style
Make it worth your while
What else can I say

Do what you do
When you do, what you do
Whoa, do what you do
When you do, what you do, whoa, oh

Yeah you know um, I travel around a lot
I've seen a few things, I've spent some time with the
ladies
Well time and time I realize, hey when the lights are off
And I'm by myself, I'm a lonely man

And me sittin' in the park late after dark
Superwoman, you, taken by my style
Make it worth your while
What else can I say

Do what you do
When you do, what you do
Whoa, do what you do
When you do, what you do, whoa, you

You really know how to set the mood
And you really get inside the groove
Cool cat, tipping on the town, you're a cool cat

Oh, you're cruising
Riding along with the sweet key
And I sail with the beat of my heart
Ya feeling, ya feeling, ya feeling, feeling

When you do the things you do
What you do
