I know what it feels like to wish the day was
Over, I know what it feels like to have
To start all over, I know what it feels like to
Miss the punch line. While another
Moment's passed me by

Don't try to phone, I'm not at home, I've left
And I'm never coming back, yeah-e-ah, Don't
Try to page me, I'm not waiting, My mother
Taught me that, yeah-e-ah

When I feel down and out, and there's no
One else around, There you are by my side,
Always waiting, waiting Come take my hand
And let's ride, 'til the morning meets The
Night, I'll be patiently waiting

I know what it feels like to have to say
You're sorry, I know what it feels like to be
Misunderstood, I know what it feels like to
Thank the ones before me, Not a moment I
Don't try

When I feel down and out, and there's no
One else around, There you are by my side.
Always waiting, waiting Come take my hand
And let's ride, 'til the morning meets The
Night, I'll be patiently waiting

I'll be patient, I'll be patient,
I'll be patiently waiting.
