[Verse 1]

Just buy into it and you will prosper  
These super charged living rates of today have  
exceeded past the point of  
prior expectations  
That any mortal coil could fathom or even possibly  
hope to imagine that we would  
see all this in our life time, it's all there at the flick of a  
wrist  
Wade in a hyper colour pool of selection , healthy  
choice is a bed ridden state  
with so many options oozing from the walls around to  
intake  
Try comprehend the variety spread caked across  
jittering shutter speed  
through a haze of pretty crystal shards, smoke and  
rapid ageing

[Chorus]

It's the well oiled machine that will take you places  
It's the well oiled machine that will take you places  
where you wanna go  
It's the well oiled machine that will take you places  
It's the well oiled machine

[Verse 2]

Up the milligrams again, see that's half the fun not  
knowing when it will stop  
Its got to end eventually so suppress the vertigo  
Look for the seal of approval if it's clinically proven  
then surely it's worth forking out the extra doe for, just  
remember less is more  
It's the new slim line version - yes it comes in a can now  
Rewind live television to re-live ad breaks, I'll take three  
Necessary to force feed me all this other shit that I  
don't need  
so send it all to my modern furnished coffin  
suspended up in the breeze

[Chorus]

It's the well oiled machine that will take you places

It's the well oiled machine that will take you places  
where you wanna go  
It's the well oiled machine that will take you places  
It's the well oiled machine

[Verse 3]

Keep gorging on the water rations, supplies are not  
limited  
Nor do the erratic climate patterns reflect at all on our  
life style  
So rest easy population drowning in blood from holes  
in his feet  
for our own little war pigs empty promises seem to be  
satisfying  
Throw bundles at nothing, straight to the furnace  
Funds are secure, build a new base  
Let's utilize all of this empty space, anything to be part  
of the team  
While hot the gun metal grey panels expand and  
breathe  
With no dead man device the axels grind running on  
hell fire steam

[Chorus]

It's the well oiled machine that will take you places  
It's the well oiled machine that will take you places  
where you wanna go  
It's the well oiled machine that will take you places  
It's the well oiled machine
