(Ovh)

A little rain again today  
I wouldn't have believed it if I hadn't seen it  
Right before my eyes  
(Wouldn't have believed it if I hadn't seen it)

But why talk about the weather?  
And make it very lucky selling umbrellas  
I've got my hard opinions  
On how to treat a love like this

He should've held her closer  
When it was all he had to do  
When it was all he had to prove  
To all his closest friends

That she was a bright and beaming light  
A beacon in the night  
I rest on a vision of the shoreline glistening  
The two of us in love

(Ah)

Then the sun went down tonight  
I wouldn't have believed it if  
I hadn't seen it right in front of me

You painted the sky in a violet scene  
And I sat there in my car  
Shedding the tears  
That I could never have let you see

Beneath that ashen moonlit sky  
I felt you right there with me  
I know you're right here with me

Step back, do it, fall in line and let it go  
All you've got is the memory

Should've held her closer  
When it was all he had to do  
When it was all he had to prove  
To all his closest friends

That she was a bright and beaming light  
A beacon in the night  
I rest on a vision of the shoreline glistening,  
The two of us in love

(The sun goes down)

When the sun goes down tonight  
I set my eyes on a shoreline

I'm gonna hold you closer  
As if it's all I have to do  
As if it's all I have to prove  
To all my closest friends

That she was a bright and beaming light  
A beacon in the night  
I rest on a vision of the two of us in love
