I?m not listening I?m over it
Sending it over and out
It isn?t alright to reside in this town anymore
And what for?

Call all my good friends
Tell them it?s come down to this
I always said that they?d know where to find me
All else fails and I?m running on ocean time

This city?s colder than it used to be
Sometimes I wonder can anyone else see?
My heart?s not broken but it seems to be
Ignoring me

I?m not listening I?m over it
Sending it over and out
It isn?t alright to reside in this town anymore
And what for?

This city?s colder than it used to be
Sometimes I wonder can anyone else see?
My heart?s not broken but it seems to be
Ignoring me

Midnight is where the day begins
Get up and get over it
The darker the berry
The sweeter is the wine

Midnight is where the day begins
Get up and get over it
The darker the berry
The sweeter is the wine

Midnight is where the day begins
Get up and get over it
The darker the berry
The sweeter is the wine

This city?s colder than it used to be
Sometimes I wonder can anyone else see?

My heart's not broken this time but it seems
I've just spent too long in this place I believe
I'll start again today in a new city
