So I was checking you out
On the solo tip
And at the end of my line
I was about to get hip
By your sweet set of love
That just won't let me go
Take my like your bull
And just ride on me
Ride on me

One, two step
Closer to your lips
And I think I've got a real good chance
I wanna spray you all over like a bottle of cologne
Sweat you out just like a dream
I want you for my own

I get that
Oh, baby feeling
She's dancing on my lips
Arrows to my heart
It tingles on my fingertips
D-d-d-don't go thinking
You're wasting precious time
You had me at hello
And your body suits me fine
So fine

You're so S to the O
F-I-N-E
Straight of my lips
Into your ears so perfectly
You think you're bullshit
Like to travel
Why not come with me for an hour?
Remember the things that you've been told
When Klemm-o-tronic's on the microphone

Oh, snap! I think I'm in love
Melt like butter when she's all dressed up
You and me together gotta coordinate

Five dollars down on a Sizzler date
Hey baby, can I get a little bit of loving?
Hundred pound biscuit baking in your oven
This is precious time we're wasting
Gimme that dirty tail

I get that
Oh, baby feeling
She's dancing on my lips
Arrows to my heart
It tingles on my fingertips
D-d-d-don't go thinking
You're wasting precious time
You had me at hello
And your body suits me fine
Oh, baby feeling
She's dancing on my lips
Arrows to my heart
It tingles on my fingertips
D-d-d-don't go thinking
You're wasting precious time
You had me at hello
And your body suits me

Girlfriend
(Feels like I'm going crazy now)
Tell your boyfriend
Yeah
That I'm going
(Feels like I'm going crazy now)
For your poison
Yeah

Oh, baby feeling
She's dancing on my lips
Arrows to my heart
It tingles on my fingertips
Don't go thinking
You're wasting precious time
You had me at hello
And your body suits me fine
