You sit with me for awhile
We're still trying to comprehend
We're looking at each other eye to eye
Then you give me a smile
And I know this is where I'm supposed to be
But it won't be long before I go
It's close and we both know
This night can't end, this night can't end
Cause when it does
I won't be with you
And that tears me apart
This night can't end, This night can't end
We're moving too fast
I know this night won't last
And leavin' is so hard
Cause it's long drives and used up time,
But you're so worth it
And you don't believe that I don't mind
Even though you've heard it
When it's me and you crankin'
The Rocket Summer And singin' so loud
I know you don't believe me when I tell you
That you make me, you make me so proud
But it's close and we both know
