"Thinking Of You"

I'm sitting here alone, alone in my room
And all I can think of is you
How beautiful you looked, the scent of your hair
When I saw you this afternoon
I feel like I've known you forever by now
And I'll bring the moon if you just tell me how
And when I'm not there I want you to know
I am thinking of you
You bring a smile to my face
There is no one like you
Cause you're so amazing
It makes me want to spend the
Rest of my life with you
And who knows, maybe more
That's what I hope for
I've never met a girl quite like you
You're so different from all of the rest
A sweatshirt and jeans and no make up on
You're still so perfect
I feel like I've known you forever by now
And I'll bring the moon if you just tell me how
And when I'm not there I want you to know
And I hope that if you leave you will remember me
And I hope I can be half the person you can be
You don't know, you don't know
How much you mean to me
And when I think of you
I hope that you are thinking of me
