(Ooh Internet)

(Ooh Internet)

Oh this constant refresh, well they say it's the death of  
us, baby

But I like what you do and the way that you change on  
the daily

When I walk down the street, only strangers I meet  
But I can shake loneliness in just a tweet

Internet

I don't want to lose you

(Ooh Internet)

Oh Internet

If you were a Pokemon I'd choose you

(Ooh Internet)

Oh Internet

Keep me on your feed

I synch to you pretty much constantly

(Ooh Internet)

(Ooh Internet)

Every now and then, I go and check on the mail  
Cause when there are physical letters, consistency fails

Oh these bills everyday

Lest they be autopay

Are easy to ignore, anyway

Internet

I don't want to lose you

(Ooh Internet)

Oh Internet

You're the only love that's true

(Ooh Internet)

Oh Internet

I'd make out with your face

Later tonight, let's meet in cyberspace

Oh but I can't get by unless there's wifi

Is this a drug that I need

There is no other way  
I am at home all day  
So that my torrents can seed  
You just don't get it  
Cause you're not on Reddit  
And if you want me to go out  
Just make sure that there's

Internet  
I don't want to lose you  
(Ooh Internet)  
Oh Internet  
Boo boo be boo boo-boop  
(Ooh Internet)  
Oh Internet  
I wrote you this song  
And if you like it then you all can sing along
