I'm standing in the road and I don't mind your
headlights
You say I've lost control but you're driving down my
road
With pockets full of secrets never said

I've got some things to say and I know you can relate
Kiss and tell, I never tell
But I'd love to hear these words roll out your mouth
I've got some things to say and I know you can relate
Kiss and tell, I never tell
But I'd love to hear these words roll out your mouth

Run away with me, run away with me tonight
Run away with me, run away with me tonight

It's getting late, so sleep well, angel, 'cause I'll be back
tomorrow
We can stay up late and smoke it down
And feel the breeze beneath our feet
And chalk it up to friends with no families

We're on our, we're on our own
Kiss and tell, I never tell
But I'd love to hear these words roll out your mouth
We're on our, we're on our own
Kiss and tell, I never tell
But I'd love to hear these words roll out your mouth

Run away with me, run away with me tonight
Run away with me, run away with me tonight

You're okay, we're okay
Just know that I am not giving up on you
You're okay, we're okay
Just know that I am not giving up on you

I'm standing in the road and I don't mind your
headlights
You say I've lost control
I'm standing in the road and I don't mind your
headlights

You say I've lost control
